OK, so you obviously  
meant to text this  
number, and clearly  
meant that as a threat  
rather than a "hey buddy,  
on our way to pick you  
up" .....maybe you should  
consider that there's  
more than 1 side to any  
story before you go  
threatening somebody

What do you get out of  
sexually touching that  
child?

What do you get out of  
believing the lies of a  
mental ill woman?

Just you wait and see.

Fri, Apr 22, 11:49 AM

Are you behaving?

Are you ever going to  
stop harassing me

Or do you just want me  
to give up being a parent  
to my child

(1/2) I would prefer that you travel like you said you were going to, take off your petitions and let me raise Madeline. Give me rights and you wont have to pay

(2/2) child support. Im completely fine with that. It would be alot easier.
